- **LDSL 744**  Issues Management

*Continued*
**Graduation Requirements**

- Completion of all required coursework within 7 years.
- Maintain a minimum cumulative GPA of 3.00.
- Completion of all required coursework (core and electives).
- Completion of a minimum of 6 credit hours of the DSL Project.
- Completion of all requirements associated with the DSL Project.

Students must maintain **continuous enrollment** in the program during DSL Project phase.

**Notes**

- All students are required to take UNIV LIB, but course is waived if student successfully completes UNIV 500. Students are registered for UNIV 500 instead of UNIV LIB based on their admissions writing sample score.

1. If student starts program in Sessions A, C, or E, they should take LDSL 722 and take LDSL 720 in second session. If a student starts in Sessions B, D, or F, they should take LDSL 720 and in the very next session take LDSL 722.

2. The DSL program includes **two required residencies** each covering 4 days. The first residency covers program orientation and guidelines, the library use course (UNIV LIB Information Research & Resources) as well as in-class instruction for the first two courses of the core curriculum. The second residency focuses on class instruction for the courses to be taken in the semester as well as doctoral program requirements such as the DSL Final Project.

3. The following courses must be completed before students will be able to register for LDSL 727 and their second residency: UNIV LIB, LDSL 720, 721, 722, 723, 724, and 725. Student Academic Advising will work with each student to develop their degree plan accordingly.

4. If a student needs additional time to complete the DSL Project after registering and paying for 60 credit hours, the student then continues to register for one DSL Project credit per semester for each semester until the project is successfully completed and defended.
